

2021 SHOWCASE

OF HEALTH RESEARCH

Virtual Edition | February 8-11, 2021

For the past 15 years, the Centre for Applied Health Research at St. Joseph's Care Group has been pleased to host the Showcase of Health Research, the premier annual venue for the dissemination of research relevant to the health of Northwestern Ontarians. Given COVID-19 best practices, this year's event will comprise a series of virtual sessions.

Attendance is free, but registration is required for each session you wish to attend. Please click below to reserve your spot.

February 8, 12:00-1:00: Statistics

After this session, attendees should understand the basic concepts of hypothesis testing including the correct definition of a p-value and the important distinction between statistical and clinical significance
